

Let's Get Streetwise

Let's go!

Verse 1 It's great to be outside,
Playing in the open air.
But while you're having fun
Always be aware.
Busy roads are not the place
To hang out with a friend,
It only takes one motor car
To bring your day to a sticky end!

Chorus *So let's all get streetwise,
Let's all live long and healthy lives!
Let's shout it, sing about it,
Everybody....LET'S GET STREETWISE!*

Verse 2 Keep looking right then left
Crossing from A to B,
And keep your ears pricked
For things you cannot see.
Never cross between parked cars
And never on a bend,
It only takes one careless step
To bring your day to a sticky end!

Chorus *So let's all get streetwise.....*

Verse 3 And when you're on your bike,
Maybe it's for the best
You stay 'off-road' until
You've passed your cycle test.
Keep your helmet on your head
That's what we recommend.
It only takes one little bump
To bring your day to a sticky end!

Chorus *So let's all get streetwise.....*

Repeat chorus
