

Your Production Pack

At Edgy Productions we understand the time and effort it takes to rehearse and produce a quality children's musical. This pack has been designed to minimise that time and effort, without compromising on quality. As well as sound effects and continuity music, your audio CD (CD1) contains vocal versions of all songs so your cast can learn them, and backing tracks for performances. Your CD-ROM (CD2) has a piano score with voice line and guitar chords in PDF format, and full script with detailed stage directions and production tips, in PDF format and also MS Word format, enabling you to make changes to the text as you require. Also, there's no need for photocopying - everything can be printed from your pc. So, good luck with your production - we're sure it will be a success!
